# nerlynx<sup>®</sup> (neratinib)

#### PATIENT TREATMENT JOURNAL

Name: \_\_\_

This journal is one of the Nerlynx® Patient Educational Materials.

It is provided for you to complete on a daily basis, as soon as treatment has been initiated, to assist with the management of any diarrhoea you may experience.

If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in the package leaflet. You can also report side effects directly via the MHRA Yellow Card Scheme at https://yellowcard.mhra.gov.uk/ or by searching for MHRA Yellow Card in the Google Play or Apple App store. Adverse events should also be reported to Pierre Fabre on 0800 0855292 or UKdrug.safety@pierre-fabre.com. By reporting side effects, you can help provide more information on the safety of this medicine.

#### **HOW TO USE THIS JOURNAL**

#### Before starting treatment

- O Before starting your treatment with Nerlynx®, please record:
  - Your weight
  - The number of bowel movements each day, and stool consistency as shown below

Hard	Normal / Soft	Loose / Watery

- O Add up your total daily number of bowel movements and divide by the number of reported days to work out your "baseline daily bowel movements"
- O This will help you and your doctor know whether your treatment is affecting your bowel movements, and if you need to consider taking anti-diarrhoeal medicine alongside your Nerlynx\* treatment or adjust your daily dose

#### Once you start your Nerlynx® treatment

- 1. At the beginning of the week, make a note of the date and your weight.
- 2. Write your dose of Nerlynx\* in the second column of the table, stating the number of 40 mg tablets you have taken each day.
- 3. If you have been prescribed an anti-diarrhoeal medicine, make a note of the dose that you are taking each day.
- 4. Write down the number of bowel movements you have each day, and their consistency: hard, normal / soft or loose / watery.
- 5. Add up the total bowel movements each day and write that down too.

Your healthcare team is made up of your doctor, nurse and pharmacist. You should speak to your healthcare team about any side effects you have, including any side effects not listed in the package leaflet.

#### **EXAMPLE:**

31/10/2024 .....

# Before starting treatment (baseline of bowel movements)

week commencing date:	01/10/2021	weight:	oong					
Note the average number	of stools you had pe	r day in the w	veek before yo	u start Nerlynx*,	according to	your memory, as	s precisely a	s possible.

68ka
