

Nexplanon[®]

68 mg implant

Etonogestrel

Important notice:

Occasionally, gently palpate the implant to be sure that you know its location. If you cannot feel the implant at any time, contact your doctor as soon as possible.

The holder of this card is using a progestogen-only subdermal contraceptive implant. The implant is located at the inner side of the upper arm.

In, for example, the case of a casualty do not make an attempt to remove the implant.

Nexplanon is X-ray visible.

See reverse side for further information.
